## Installing magicJack™

- 1) Update your magicJack™ with the most current software version. Download the “Upgrade” file by clicking on the “Click Here” button on the magicJack™ website:  
<http://www.magicjacktv.com/1/magicfix.asp>
- 2) Save the file to your desktop on your computer
- 3) Plug in your magicJack™ directly to an available USB port on your computer
- 4) Once your computer identifies your magicJack™, run the “Upgrade.exe” file that you downloaded to your desktop in steps 1-2 above.
- 5) Follow the registration instructions that appear and complete the registration form to activate your account with magicJack™.

If you have any challenges with the initial install, shut down your computer and leave it off for 30-seconds. Re-start your computer with the magicJack™ plugged-in to your USB port. Follow the prompts that appear on your screen.

If you have any questions or concerns, feel free to contact Avie at 1-888-374-3712 option 1.
